*Alone or in combination with one or more of the other races listed. The six numbers may add to more than the total population because individuals may report more than one race.

Notes:

1) The last two digits in the tract ID number represent the decimal portion of the number. For example, "100" is "1.00", "9702" is "97.02", etc.

2) Tracts 264 and 265 extend beyond the Seattle city limits. The population counts shown here are for the small portion of each tract that is within city limits. Also, a very small portion of tract 112 is located outside of city limits. Thus, the data shown here (for the area falling within city limits) may disagree slightly with data for the tract as a whole.
