

Aurora Ave Project

The Aurora Ave Project is working with community on designing a new vision for the Aurora Ave N corridor that enhances safety, mobility, and accessibility for all travelers. **We are excited to share several potential ideas for the future of Aurora Ave N. Please check out the new drawings on our project website and provide your feedback!**

These ideas are the result of our conversations with people who live, work, and travel around the Aurora Ave Project. Thank you to everyone who has participated and told us about your priorities and visions for the future of this street.
